Draft put up.

23/11 A.S. It is respectfully submitted that the Collr should have reported the results of the conference and obtained orders before committing himself to any definite course of action. But he did not do so in spite of reminders sent from this office. As it is at present, the result is distinctly disadvantageous to the City Municpty. It is proposed to give to the Jaghirdar of Kurni 1089 sq yds of land belonging to the City Municpty. in exchange for (1) 218 Sq yds of land out of the Jaghirdar's compound (now lying) for extending the Trunk Road which belongs to the City Municpty. and (2) 1905 sq yds of land belonging to a private individual to be acquired at the Jaghirdar's expense and handed over to the Coll. Dn. Sta Municpty for extending the Mutlar's Road. The C in Dn. Sta Municpty. thus gets the land free, the cost of compensation being indirectly paid by the City Municpty in the shape of a large extent of vacant land belonging to it which will be made over to the Jaghirdar in return for the 2 bits of land referred to above.

FROM

T B COPELAND, Esq, I C S,
FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

To

The Dewan of Mysore.

Dated Bangalore, 16th October 1908

SIR,

I am directed to forward herewith copy of a letter No. 3508 dated the 1st October 1908 and its enclosure in original from the President, Municipal Commission, Civil and Military Station, Bangalore, submitting a proposal to put up an iron railing along the centre of the Murkur Broadway road, and to request that the Resident may be favoured with the views of the Durbar in the matter

quested.

I have the honor to be,
Sir,
Your most obedient servant,

T Copeland

First Assistant Resident

NNN

Letter No. 3508 dated 1st October 1908 from the President, Municipal Commission, Civil and Military Station, Bangalore, to the First Assistant to the Resident in Mysore, Bangalore.

I have the honor to address you on the subject of the under-bridge to the West of the Cantonment Railway Station, the unsafe condition of which as regards traffic has attracted attention for some time past.

2. The difficulty of minimising the chance of accidents at this "man trap" is enhanced by the meeting of four roads here, two of which lie within the jurisdiction of the Mysore Durbar and two within our limits

3. To safeguard passenger traffic, it has been proposed to put up an iron railing along the centre of the Tumkur-Broadway road (vide sketch enclosed) but to do this, we want the consent of the Durbar

4. If the idea meets with the approval of the Hon'ble the Resident, I beg to suggest that the Durbar be addressed on the subject and a meeting at the site arranged of representative Officers of the city and the station, when the general question of the lighting at the Bridge can also be considered

No. 107

Office of the Municipal Council,
Bangalore City, 11th June 09

My dear Mr Rainsford

Your D O.No 12437 dated the 10th Instant in re the proposal to put up an iron railing along the centre of the Tumkur-Broadway Road

The subject has been receiving the attention it demands The latest communication to the Arni Jahagirdar (Copy enclosed) will shew how the matter stands The Jahagirdar is absent on the Nandi Hills He is expected to return to Bangalore shortly, when the President hopes to settle the matter finally

20 Rs.

17

Letter No. 1871 dated the 16th April 1909 from the President, City Municipal Council, Bangalore, to the Jahagirdar of Arni, 'Arni Hall', Bangalore.

Sir,

Your Private Secretary's letter dated the 12th ultimo

In acknowledging the above with thanks, I have the honour to forward herewith a sketch of the Tumkur-Broadway Road & to explain that it is proposed to realign this road as per red dotted line in the plan for the purpose of putting up iron railing along the centre of this road near the Railway Bridge for the convenience of the public To carry out this proposal, the followirg arrangements have been suggested -

(a) The portion marked yellow will be taken for the road This belongs to you It measures 218 Sq Yds

(b) The portion marked blue will be given to you by the City Municipality It measures 1089 Sq Yds

(c) The red coloured portion belongs to a private gentleman and is situated within the limits of the C & M Station Municipality This is also required for the road It measures 190 Sq Yds

You will thus see that you get a larger area than what you give It was therefore considered fair to ask you to negotiate the acquisition and transfer of the plot marked C When you take up the negotiation, the price will, of course, be known to you

Are you agreeable to this arrangement? An early reply will oblige.

I have Etc ,

From

THE PRESIDENT,
Municipal Commission,
Bangalore City

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments,
Bangalore.

ml 176-08
SQ-11

Sir,

With reference to the Assistant Secretary's D.O. letter No. 3880 dated the 4th Instant, calling for some information in the matter of putting up an iron railing along the centre of the Tumkur-Broadway Road near the Cantonment Railway Station, I have the honour to invite kind reference, in this connection, to the Civil and Military Station President's letter No. 3508 dated the 1st October 1908 to the First Assistant Resident-copy of which was received in this Office with your docket No. 3758 /Ml. 176-08-2 dated the 21st Idem.

2. In the above letter of the President, Civil and Military Station, it was stated that the unsafe condition of the under-bridge near the Cantonment Railway Station as regards traffic had to be rectified, that in order to safeguard the passenger traffic there, an iron railing was proposed to be put up along the centre of the road and that as four roads met there-two lying within the City and two in the Station limits, joint action was necessary.

3. Since the idea of putting up an iron railing emanated from the Station Municipality and as any project started in that connection had, on account of combined jurisdiction at the place, to be undertaken conjointly

22

by the two Municipalities both as per terms of the Station Municipal President's letter to the First Assistant Resident as well as by the implied approval conveyed in your docket quoted above, it was thought expedient to ask the Station Municipality to make an estimate of the cost of putting up the railing on the road in question The action proposed to be taken and how the cost to be shared by the two Municipalities will be known by the enclosed copy of Mr Richards' letter No. 3531 dated the 21st Ultimo.

4 The Committee appointed by the City Municipal Council met the representatives of the Civil and Military Station Municipality only once on the 2nd December 1908 The result of the conference is given in detail in a D O letter dated the 7th January 1909 from Mr Clarke, Secretary of the Station Municipality--a copy of which is herewith submitted for information

5 The Arri Jahagirdar not having been able to purchase the land he wanted in the Miller's Road by private negotiation, the President of the Station Municipality has undertaken to acquire it for him on payment of a compensation of ₹s200/- & steps are being taken in that direction In the meantime, the plan and estimate for the iron-railing which have been received from the Station Municipality will be placed at this months' Meeting before the Council After the acquisition of the land in question and after the resolution of the Council is passed regarding the said plan and estimate, -

further

23

further report will be made in due course

I have the honour to be

Sir,

Your most obedient servant,

President.

1896

Letter No. 3531 dated 21-10-09 from F J Richards Esq., M A I.C.S , President, Municipal Commission, C & M Station, to the President, Municipal Council, Bangalore City

---

Sir,

In reply to your letter No 532 dated the 22nd September, I have the honor to state that the Collector, C & M Station, will take the necessary steps for acquiring the private land on Miller's Road

2 I enclose a plan showing what may be done to safeguard the approaches to the Bridge and copy of an estimate for ₹434/- which might be borne by the City and Station Municipalities in proportion to work actually carried out

3 For the better lighting of the spot, the Chief Electrical Engineer has suggested that the lamp on Miller's Road to the South West of the Bridge be moved 10 paces nearer to the Bridge which will cost ₹10/- to do, and that an additional light be put up just opposite the Bridge on the North - this will cost ₹35 to erect and the annual charge therefor will be ₹30/- these three items might be shared by the two Municipalites

@@@@@@@@@@@@@@@

D O letter dated the 7th January 1909 from Mr H Clarke, Secretary, C & M Station Municipal Commission, to the Vice President, City Muni Council, Bangalore

---

Dear Sir,

Your letter dated the 5th Instant

The matters discussed were (a) steps to be taken to minimize the chance of accidents at the Bridge,(b) application from the Jaghirdar of Arni for the piece of land alongside the South wall of his compound

The question at (a) was deferred till a decision was arrived at about(b) Mr Kumaraswamy Naik undertook to arrange with

the Jaghirdar about the land he wants, the idea being that he should give up the corner of his compound on the West and acquire and make over to us the corner of a private compound on the East to allow of the widening of the Tumkur and Miller's Roads, receiving in exchange for these plots the vacant land to the South of his present boundary wall. When these details have been arranged, railings lighted with electric lights will be erected along the middle of Tumkur and Broadway Roads for the regulation of traffic

Railway Station at Ban

37

It was required by that Mun ipality for widening the Miller's Road lying within its jurisdiction and the Jahagirdar undertook to pay the cost of its acquisition The Collector of the Station has acquired the said property and a copy of letter No 335 dated the 19th April last from the President of the Station Municipality, requesting to recover a sum of Rs 200/- in this connection from the Jahagirdar, is herewith submitted for information

3 The Municipal Commission of the Civil and Military Station, with a view to mirimize the chance of accidents on the Tumkur-Broadway Road near the under-bridge, proposed to safeguard its approaches by putting up an iron-railing in the middle of the road, and to improve the lighting of the place by providing an additional light at and shifting the light from E to F, as shewn in the sketc The City Municipal Council have agreed to share the cost of these works equally with the Station Municipality, as proposed by the latter

4 The proposed exchange of land between the Municipali and the Jahagirdar was understood to be mutually free of cost, irrespective of extent, as the municipal land that was intended to be given to the latter, is a road-margin, and not useful for any public purpose As, however, a technical objection might arise by the proposed exchange which involved the cession of a comparatively larger area of land by the Municipality in proportion to what was to be taken from the Jahagirdar, the latter was consulted if he was willing to pay for the excess land to be given to him by the Municipality The Jahagirdar is not inclined to pay anything for the excess land

The proposed construction of iron-railing and improvement of lighting may I think be sanctioned as appl

by the Municipal Council,

I have the honour to be

Sir,

Your most obedient servant,

PRESIDENT

Letter No 335 dated the 12/19th April 1910 from F J Richards Esq , M A , I C S , President, Municipal Commission, Civil and Military Station, to the President, Municipal Council, Bangalore City

---

Sir,

With reference to your letter No 813 dated the 17th November last, I have the honour to forward for your information the enclosed copy of a letter No 1345 dated the 24th March 1910, received from the Collector of the Station, and to request that you will kindly cause the amount of ₹200/- placed at your disposal by the Jahgirdar of Arni to be forwarded to this office for payment to Mrs Pratt of Rs 157-9-10, the amount awarded to her by the Collector The balance is intended to meet in part the cost of building a wall by the Municipality for Mrs Pratt

2 I would invite attention to para 2 of your letter above cited and shall be glad to know when the works which it is understood have been sanctioned by the Council will be carried out

I have Etc ,

Sd F J Richards, President

Letter No 1345 dated 24th March 1910 from the Collector, C & M Station, to the President, Municipal Commission, C & M Station, Bangalore

)_____(
